Aloha Friends and Neighbors,

First of all, I would like to wish you an enjoyable fall season and a happy Halloween. I also want to thank everyone for giving me the opportunity to represent District 41 in the Hawaii State House of Representatives. I am humbled by your continued support and it is my honor to serve you in our community. I continue to use the interim to learn and prepare for the upcoming legislative session through site visits to important facilities throughout our state, to ensure accountability of our tax dollars.

Ekahi Wall Mural

The 808 Junior Urban Board has designed this beautiful mural to be painted on the wall of Highway Inn. The students have named the wall "Ekahi" to represent the concept of togetherness. Please join us at the mural unveiling on Sunday November 20th 9-11am. Live entertainment by Rebel Soljahs and Natural Vibrations.

Site Visits

I visited Department of Health (DOH) property and facility on Waimano home road. These facilities serve our community as their district offices. This location serves as the DOH testing facility for bacteria within food and other issues. It provides safety to our community and protects us, through the rapid test and response time to food bacteria problems.

Over the past month, as a member on the Finance committee. I have visited the Kamamalu building. This is a state building that is now vacant, Department of Accounting and General Services (DAGS) are in the process of bringing it back on line. Using the building will save the state in the long run.

I delivered food to seniors in our community thorough the meals on wheels program.

Hawaii Meals on Wheels is dedicated to helping Oahu's elders and individuals with disabilities preserve their independence at home. They do this primarily by providing hot, nutritious meals and regular personal interaction with those we serve.

Visit their website at <http://www.hmow.org> to see how you can help.
